Sign up for 9am-6pm for four weeks by
April 1st and save up to \$150!

PROGRAM

(July 16 - August 10)

BAKS+ Camp

Wir packen unsere Koffer

This summer we will explore the diversity and variety of the many cities, towns, and regions that represent the German-speaking countries.

Each age group is led by a native German teacher with experience instructing various levels in an immersion classroom. The teachers will be supported by our great assistants, many of whom are former campers!

Our camp works best for students with basic understanding skills to native speakers in German.

Our program is very hands-on:

- our famous projects and crafts
- immersion in German culture
- field trips to support the curriculum
- weekly music classes
- singing, playing, acting, pretending, discussing, cooking, stories, games, outdoor fun—and all in GERMAN!

We group the children by age—not by language levels. And we know how to engage any age group in having lots of fun—because we want your children to use and improve their German language!
